Does your club need someone to help communicate with Ruritan National, the district governors, or other clubs by e-mail? How about a club newsletter? Recruit the youth, they have the skills to complete these task for your clubs.

Youth are the future of Ruritan as they contribute to Ruritan's values of community service, fellowship, and goodwill.

Programs, such as roadside pickup, become much easier with the youth

## Ruritan Youth Program

Ruri-Teen clubs are formed with teen and youth members, up to age 19. These clubs can be located in schools or in the community and may meet 12 months a year or 9 months a year, to coincide with the school year.

Within schools there can be Ruri-Teen and Rudy clubs started. Also college campus programs can be started.

Ruritan Youth are members under the age of 19 in regular Ruritan clubs. There is no lower limit to the age of a youth member in a regular club. Many entire families belong to Ruritan and the children are considered "Ruritan Youth."

There are two annual awards presented each year at National Convention for a Ruri-Teen of the year and a Rudy Youth, as well as the district awards.

# Youth Leadership Camp

Each year during the summer, youth from around our country are invited to attend our Youth Leadership Camp. Two skills stressed at the camp are confidence and team work.

These two skills are foremost in the youth's ability to become a productive member of society. The camp which is held at a 4-H educational center aid the youth in acquiring these skills.

There are many activities offered at the camp which not only create interest on part of the youth, but, in turn, inspire the youth to learn even more than they are exposed to at the camp.

Help sponsor a camper to attend camp!

Basic Horsemanship

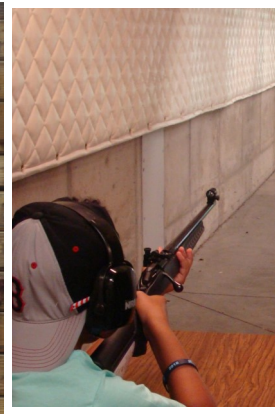

Archery

Canoeing and Kayaking

Climbing Wall

Riflery

Games and Activities

These are a few of the activities available at the camp.

Some of the youth programs offered are involvement in regular clubs, the Ruri-Teen and college programs. They are working to strengthen all of Ruritan and ensure a brighter future. Youth want to make a difference and they want their voices heard.
