## Message From 2019 National President Larry Cassell

### A Family Connection

During the months of May and June we take time to reflect on the importance of FAMILY celebrating Mother's Day and Father's Day. With the First Lady's project regarding adoption, the need of a family is always forefront for those adopting and those who were adopted. Traveling about visiting Ruritan Clubs, it has become quite evident that family involvement in our organization has been on the rise. From my knowledge of other service organizations, there are no others that are more suited toward family membership. The presence of families within our membership has not only enhanced our numbers, it has benefitted the communities served. But more importantly, family involvement as a unit in our service-oriented organization has greatly strengthened the families who have become part of our Ruritan Family.

There are numerous examples of family units within our clubs - too many to note every case. Thus, I have asked two specific families to share what it has meant to be Ruritans. First, I introduce to you David and Tamara Moore and their children James, Jonathan, Joshua, and Julia, all members of the **West Shenandoah Ruritan Club** (Rockingham District).

*I was recently asked what it meant to have my family in Ruritan. As Christians, Tamara and I believe in loving our neighbors as ourselves, and part of that is serving our community for no other reason than to serve and show God's love for others. Ruritan has offered us a great opportunity to teach that action to our children, as well as by putting words into action. We have been able to experience many amazing side benefits from participating as a family:*

*We get to spend time doing things together. Time that is not in front of the TV or just in the same room, but actually working together.*

*We are to bless others and are blessed by it. I admit as a parent this is selfish on my part, but Ruritans offers an opportunity to work side by side teaching children how to have a good work ethic and its importance in our community.*

*It is fun. Yes, there are times when the children (or adults) initially grumble about the task at hand, but at the end of the day we all admit we had a good time.*

*Finally, our family enjoys lots of good meals together with fellow Ruritan members.*

*Having my family in Ruritan has been a blessing. We have made friends, my children found summer work from other members, we get to see and experience different areas of our community, and we get to do these things as a family.*

*-- David Moore*

On the next page is another example of a family unit directly involved in Ruritan is Roy Wallen's family. Roy is currently the Governor of the Smoky Mountain District and a Ruritan National Director. Zach McCallie, president of the club, shared the following with me regarding having seventeen of his family members of the **East Roane County Ruritan Club**.

Magazine of and published by Ruritan National, Vol. 84, Summer Issue, Ruritan (ISSN: 0036-0147) is published four times a year. ## 2019 National President Larry Cassell continued

*Having family involved in Ruritan is important. In today's age, families do not spend a whole lot of time together due to busy schedules. Having family in Ruritan ensures that we see each other often and the relationships stay strong. Being able to work on projects together gives families a source of pride. Families can look back and be proud of the awesome work they did to help others. Having multiple generations working together is almost unheard. With my family it is just something we all grew up knowing how to do. Always help someone because one day you might be that person needing help.*

*-- Zach McCallie*

No need for me to elaborate any further on the value of families in Ruritan. If a family is looking for an activity to enjoy, why not be a volunteer as a member of a Ruritan Club? Volunteering can be a dynamic rewarding experience. Volunteering as a family amplifies the impact on a cause and provides quality time together. Consider reaching out to families in your area, or your own, to become members.

Pictured in the front (l-r) are Roy Wallen holding granddaughter Bella, Kate Wallen with children Andrew and Shelby, Brenda Wallen, Kena Holmes holding sister Addie, Ashlee Holmes, and Thomas Holmes. Pictured in the middle (l-r) are David Wallen, Linda Parton, Melissa Sifford, and Paige Sifford. Pictured in the back (l-r) are Jennifer Wallen, Patrick McCallie, Joseph McCallie, Zack McCallie, Paula McCallie. Not pictured are Tommy McCallie and Brian Yawn.

## Ruritan National Pledge Approved by Board

*The following pledge, proposed by National Director Mike Wright and the Sandy Creek (OH) Ruritan Club, was approved by the National Board in August as the official Ruritan pledge.*

**“We are Ruritans. We are dedicated to improving communities and building a better America. By showing goodwill toward others, we are improving the attitudes of many. Through fellowship, we are gaining friendships that last a lifetime. Through community service, sharing and caring for those around us, we are striving to reach our common goals together. May God Bless the Ruritans!”**

### Is Volunteering a Thing of the Past?

Is volunteering a thing of the past? How would you answer that question? We all know from the statistical evidence that our number of members is slowly shrinking. Does that mean people don't volunteer anymore? Has our society changed so much that people

no longer care about the fate of those around them? Are we so interested in our own well-being that we don't care about others? I don't think any of that is true.

What I do think is true is that volunteering and volunteers are changing. Several studies show that volunteerism is actually up in the United States. However, the way volunteers give of their time has changed. The term episodic volunteer was coined a few years ago because that was the way people chose to serve. People are interested in seeing a need, planning to fix it, fixing it and then moving on to the next need. There may be gaps in the time between when the volunteer decides that a need should be addressed and finding or addressing the next need. People are more interested in short bursts of meaningful service without the restraint of an ongoing commitment.

What could that mean for us? Our model looks for people who will join our clubs and volunteer through the club for extended periods of time. We have members who have been members of clubs for 50 or more years. We have clubs that have been in existence for even longer.

The current studies show that some people are

not as interested in that model as they used to be. I believe that what it means for us is that when the episodic volunteer decides to give their time, we have to be the best choice they can make. We have to have mechanisms in place to allow for volunteers to seek us out and serve in any way they choose. We have to have a model that is flexible enough to allow members to serve without restrictions.

I believe we are changing to meet those needs now. We offer some membership types that allow for members to serve when they can and not be obligated to attend every meeting or be involved with every fundraiser or service project. The associate membership is one of those types. The affiliate membership is another.

There is still a need for the traditional model, but I believe that comes from specific groups. AARP did a study years ago that talked about how people aged 45 and up fit that category best. That group typically has a vested interest in the community they live in (because they are usually long-term residents). They tend to have reached a place in life where they see the need to give back. They have finished raising their children. They are in a place of financial independence. They fit our model.

We should continue to recruit into the traditional model. We should also look for ways to satisfy the needs of volunteers who want to give of themselves in a more flexible way. We should always keep our goal in view, making our local community a better place to live and work.

Have a great summer!

---

## Recent Ruritan National Board Action

In August 2018 the Ruritan National Board voted to amend the **Ruritan Club Bylaws** (Article IV Fees and Dues, Section E). The section previously stated "Except for club dues and applicable district dues, members shall not be assessed for contributions for any sole purpose. Proceeds from club fundraising should not be used for meals and dues." The board's motion changed "should not" to "shall not" making the section end with "Proceeds from club fundraising shall not be used for meals and dues."

The **Ruritan Club Bylaws** were also amended by the Board at its January 2019 meeting (Article IV Attendance, Section B). The section previously stated, in part, "... attendance made up in accordance with the rules set forth above, must have been within one (1) calendar month immediately before or following the day of absence." After the Board action that section now reads "... attendance made up in accordance with the rules set forth above, must have been within the entire calendar month before or the entire calendar month after a missed meeting to make up the meeting missed."

# *First Lady Nelda's Adoption Awareness Program*

Lee and Ernst M. Arndt responded to First Lady Nelda's request for adoption experiences of Ruritans.

Ernst is Zone 2 Governor and Past District Governor of the Delmarva-NJ District. Their adoption story follows:

"Attending the National Convention is always an uplifting experience. It became very special for me when First Lady Nelda Cassell announced her national project, adoption awareness. My wife Lee and I adopted our son from Thailand in September 1993.

Our journey began when we met in church while we were in high school. We began dating and on June 23, 1973 at the ages of 19 (Lee) and 20 we were married.

Fast forward to 1990 we decided to adopt. We were childless and felt something was missing. The obstacles were many including one agency telling us Lee was too old to adopt, we could not adopt outside of our race, and the lengthy waiting period. Lee refused to be told no and did her own research. We were in the final process of adopting a child from Romania (my heritage) when the 60 Minutes episode exposed the corruption of the Romanian adoption program. We were back to square one. After more research on Lee's part we found a program out of Thailand where we could find a child that truly needed a home and was not "for sale" by the parents. We then had to find an adoption agency to sponsor us finally having the Pearl Buck Foundation accept us. They did advise us they did not work with Thailand and we were on our own as far as paperwork went. So the paperwork journey began. We were fortunate to make the acquaintance of a very nice lady who was born in Thailand. When she heard what we were trying to do she used her family's contacts in Thailand to help us. In the summer of 1993 we were approved to adopt a 3½ year old boy, left at the hospital at birth to adopt. He was in his third orphanage. Of course we accepted. October 1993 found us in Thailand going through the formalities in the adoption process. Again our friend's contacts helped and what was scheduled to take 3 weeks in Thailand took less than 2 weeks. We brought home a 3 ½ year old who spoke no English, and we spoke no Thai. The adventure began and we have never regretted it. As in all life there have been bumps but all in all it was the best thing Lee and I have ever done.

Fast forward to today, Nick is 29 years old, has a 4-year college degree with a minor in Homeland Security and a major in Criminal Justice. He is a member of the United States Air Force Reserve as a Senior Airman. He was recently awarded the The Air Force Achievement Medal for his seven-month tour at the Mortuary Affairs Unit where he escorted the fallen heroes and aided their families. In addition he is a full-time paraprofessional with the Capitol School District working with special needs children. If that is not enough, he is a 6<sup>th</sup> degree black belt teaching karate as well as being a certified instructor in self-defense for first responders, police, and military. As you can tell, we are very proud of our son. Hopefully our experience will encourage another couple to begin the rewarding journey of becoming an adoptive parent."

*How can your Ruritan Club be a part of Nelda's adoption awareness project?*

*\*Plan a summer picnic or party for children in foster care.*

# Kingsport Convention Entertainment

You don't want to miss the 2020 Ruritan National Convention in Kingsport, TN! President Larry and First Lady Nelda Cassell, along with the 2020 Convention Committee, are working to make our national convention another exceptional, educational, and exciting convention. Plans are underway for an amazing veterans speaker on Thursday evening and a tremendous DRM/Fellowship Luncheon speaker on Friday. There will be awesome entertainment at the First Lady's Breakfast and the Installation Banquet on Saturday.

Wear your patriotic colors of red, white, and blue as we honor our veterans at the opening ceremony on Thursday. You will experience an inspirational flag ceremony followed by special guest speakers, Retired Air Force General Charles Lyon and his wife, Mrs. Karen Lyon.

President Larry stated, "In his early years, Major General Charles W. Lyon played little league baseball on a team/field that was sponsored by a Ruritan club in Maryland. Joining the Air Force, he became an aviator flying many missions in aircraft such as B-1s and F-16s. Major General Lyon served our country in an exemplary manner. I am excited that Major General Lyon along with his wife, Karen, will share their experiences."

On Friday morning, prior to the business session, we will have a memorial service to remember and honor those no longer with us. President Larry has asked Pastor Lori Hays to lead this moving service.

If you would like to bring a small memento (a picture, a trinket, a medal, etc.) that reminds you of your loved one, you may place the item on the edge/bottom of the stage during this emotional time of remembrance. After the memorial service, we will go directly to the opening business session to hear from candidates, present awards, and conduct business. The DRM/Fellowship Luncheon will follow the business session with Sam Venable, a comedic entertainer, humor columnist, and author as our speaker.

At the Saturday breakfast honoring First Lady Nelda, you are in for a treat! Shannon Shepherd from Depaul Family Services will speak about Nelda's adoption program. Nashville recording artist Jaime Fox will be performing. Jaime is a former Miss Maryland, as well as a former student of President Larry Cassell. Jaime has a big heart and uses her music to bring attention to foundations like the National Foster Parent Association and the Carpe Artiste's Foundation, which creates enrichment opportunities for foster and adoptive children. She is currently performing and recording regularly with her band, The Desert Okies. Also, she released a solo EP called "Too Close To the Sun" in June 2019.

First Lady Nelda stated, "I'm sure many of you know Jamie Foxx, actor, song writer, singer, and comedian. Well, let me introduce you to a prettier, blonde Jaime Fox who has such a beautiful voice and is a songwriter from Nashville. Jamie graduated from the University of Maryland and headed to Nashville to record albums and write songs. This former Miss Maryland has partnered with various foster care/adoption foundations, writing and singing songs that bring attention to such causes. Join me at the First Lady's Breakfast at the 2020 convention to be entertained and motivated by such a lovely young lady."

Saturday night's Installation Banquet entertainment will be Kathie Martin and the Hot Rods from the great state of Delaware. Kathie

is a dynamic singer/sax player, who with her band will take us on a journey through rock and roll and soul music. Kathie is pleased to announce a new lineup of veteran musicians for our banquet.

## Message From 2019 Foundation President Corky Camin

### Has Your Club Submitted the BY\$ Deposit?

The hot summer is here and the Ruritan National Foundation has been sizzling. We have sent the checks out to the 448 BY\$ clubs for 2019. We are sure the \$600 going to the students will be put to good use in defraying some college expenses. Congratulations graduates!

With that being said, has your club submitted the 2020 BY\$ \$300 deposit yet?

Deadline for that deposit is Sept 30<sup>th</sup>. Please don't wait until the last minute to send it in.

The Ruritan National Foundation Fellowship this year is a cruise from Baltimore to Bermuda. If you haven't signed up but are still interested, contact Royal Caribbean Cruise Lines for possibilities on getting onboard. RNF will be turning in our reserved block of inside cabin rooms on 6/1/19 but there may still be rooms available. This is a 5-night cruise with 2 days in port in Bermuda. We look forward to seeing everyone onboard the *Grandeur of the Seas*. This is not RCL's biggest ship.

As fall approaches, has your club made it a tradition of making an annual donation to the Ruritan National Foundation. Be a part of the birthday club with a \$2 or \$10 donation per member to earn a certificate or plaque respectfully. This helps to build the corpus that funds the BY\$ scholarship.

On behalf of the RNF Trustees, we want to say "Thank You" for all you do in the name of the Ruritan National Foundation. Have a great year!!!

# Updating your Member Information in the MMS

All Ruritaners are welcome to log on the Member Management System (MMS) and update their own personal data. If you haven't logged on before – call the national office and staff can help you get set up. Once you have your password set up – here are some tips about using the system.

When you first log on – this is the screen you will see. Your "Member ID" will always be your member number. The password is created by you and known only to you. If you need a temporary password to create your own secure password – give the staff a call.

The first screen you will see after logging in is a message screen. Periodically staff or Ruritan leaders will post a timely message there for users.

The next screen you see will depend upon what offices you have held in Ruritan. If you have been a national officer you will land first on the national home page. If you have been a district officer you will land on the district home page (see below). If you have been a club officer you see the club home page. If you have never held an office in Ruritan you will see your own information page. No matter where you land, you can always get directly to your personal data by clicking on "my record" icon. As a user of the MMS and a member of Ruritan, you always have the ability to change your personal data: change your phone number, address, email etc. Remember to always click "update" when you finish. Again – if you have any difficulties – contact the staff for assistance toll free at 877-787-8727.

### Hall Helps Restore Dam

**Hall** Ruritan Club has stepped up to assist with storm damage from 2016's Hurricane Matthew. The area received over 15 inches of rain in October 2016 with major wind damage and flooding. One of the areas hard hit was Hare's Mill Pond, located not far from the Chowan River near the small town of

Tunis, NC. During the night of October 9, 2016, the dam washed out which drained the millpond and it remained drained for over 18 months. The pond and mill house are over 150 years old and were once the center of commerce for the area as corn and other grains were ground and sold there. The Roanoke Chowan Wildlife Club maintains the millpond however they did not have sufficient funds to repair the dam. This is where the Hall Ruritans were able to help. The club held two Brunswick stew/pork BBQ fundraisers and turned over \$17,500 to the Roanoke Chowan Wildlife Club. During

the summer of 2018, the club used these funds to replace the washed out dam. The millpond has now been restored to a place of breathtaking beauty.

## Bethesda Holds Spotlight Talent Show

Last November the **Bethesda** Ruritan Club held a "Bethesda Spotlight Talent Show." This community event brought together talent of all ages and walks of life to raise awareness of a rare motor neuron disorder, Spastic Paraplegia 11 (SPG11). The club designated all monies raised through sponsorship, ticket sales, raffles, canteen sales, and donations to be given to the Spastic Paraplegia Foundation (SPF). The club collected over \$5,600 during the show. Supporting the SPF is personal to the Bethesda Ruritan Club because one of their youth members is battling a rare form of HSP. Twenty-year old Spencer Elliott was diagnosed with a complex form of HSP when he was 14 after he began having difficulty walking. The Ruritan Club has decided to make the talent show an annual event to help find a cure for HSP. We are already planning for a bigger and better show for next year and hope to double the money we raise. Generous donations by local merchants enabled the club to raffle 30 prizes and 19 program sponsors donated money for advertising space in the program. Money was also raised by selling desserts donated to our canteen by the Prime Time Ministry at Bethesda Baptist Church. Pictured (l-r) are Marcia Elliott (mom); Spencer Elliott; Bethesda Ruritan Club President Norman Stallings.

## Oak Grove Builds Ramp

Members of the **Oak Grove** Ruritan Club came to the rescue of citizen in need earlier this year with a much needed handicapped ramp, and they got it installed in record time! Here's how quickly it all happened. In early February, long-time member of the Oak Grove community Loretta Hagan reached out to Past Club President Tim Ellis to ask for assistance. Her husband, Donald Hagan, had fallen and badly injured his leg. Since his injury was going to impact his mobility for some time, Mrs. Hagan had contacted several organizations hoping to get help for a wheelchair ramp. No luck so far. The Hagan family are longtime supporters of Oak Grove Ruritan events and their grandsons Austin and Hunter have been Ruri-Teen members where they learned the value

of helping their community. The very next day Oak Grove Club President Davey Jones and Jeremy Walker of Walker Construction visited the Hagan home. Jeremy took measurements and gave the club a quote to install the ramp as well as adding pavers between the ramp end and the driveway. Coincidentally, a club meeting was scheduled for that very night where all members present voted unanimously to fund this project. Two days later Jeremy Walker and his team were on site building their ramp which was completed the next afternoon, just five days after the initial request!

Due to the generosity of local corporate sponsors, there are no admission fees or ticket prices for those that attend. In return, the sponsors are listed in the program and receive recognition at the individual games. A sponsor's information table allows them to display business cards, flyers, and other promotional material.

# Ruritan Forever

## *A Perpetual Life Plan*

*Protecting and preserving Ruritan  
as a legacy for future generations.*

"Ruritan Forever" is a plan for the payment of **national** dues by members who wish to make a long term investment in Ruritan. The "Ruritan Forever" plan allows a member in good standing to pay \$600 and become a life-time participant of the National Organization. Ruritan National will invest these pre-payments in a special managed fund, transferring the dues quarterly to the business office of Ruritan National. Even after the life participant dies, dues will be transferred quarterly to Ruritan National, thus offering a perpetual memorial to the organization on behalf of the deceased Ruritan.

A "Ruritan Forever" endowment may be purchased by a member in good standing or may be purchased for a member in good standing. A Ruritan Forever endowment may be purchased to honor a non-member provided they are brought into a club as an Associate Member at the same time. In this case the Associate Member's dues would be covered by the \$600 endowment.

The lifetime endowment may also be purchased in

memory of an already deceased Ruritan, ensuring an ongoing contribution to the operation of Ruritan in his or her name. Dues for a living participant must be current through the previous quarter to participate. Ruritan National will administer these prepaid dues in a separate fund with the original amount remaining in perpetuity. Interest on the fund will provide the money paid to Ruritan National for dues.

Upon payment of the fee, the Ruritan will receive a certificate, a lapel pin, and a permanent life participant card. For endowments purchased for a deceased member a special plaque will be provided for the club to present to the deceased member's family. **National** dues increases will have no effect on participants enrolled in the plan, although the purchase price of \$600 for new enrollees may be adjusted over the years as necessary. There will be no special assessments or charges made to Ruritan Forever participants.

**Please detach or photocopy this portion if you would like to participate in this endowment plan to secure the future of Ruritan, in your name or in the name of a fellow Ruritan.**
